FOR PROCUREMENT AND VENDOR ENQUIRIES

BUYER REFERENCE

Core Capabilities

Final suitability, tolerance, inspection and delivery are confirmed from the accepted drawing and quotation. No certificate or finished-component claim is implied unless written into the order scope.

MS CIRCLE AND MS RING

Circle and ring blanks for flanges, bore plates, bases, machinery and fabrication. Selected requirements up to 200mm are reviewed against diameter, stock and cutting route.

MS FLANGES AND PLATE BLANKS

MS slip-on, blind, plate and custom flange requirements from approved OD, bore, PCD, holes, thickness, grade and finish details.

MS LASER CUTTING

Only mild steel up to 25mm, subject to geometry and edge need. DXF, DWG and PDF accepted, with job support up to 3 metres.

PROFILE AND TEMPLATE CUTTING

Drawing-based plate profiles, repeat templates, repair plates and custom mild steel shapes reviewed for the suitable cutting route.

BASE, FOUNDATION AND BORE PLATES

Plates for machinery mounting, columns, anchor layouts, equipment supports and mechanical assemblies from approved dimensions.

MS MACHINERY PART CUTTING

Machine plates, brackets, supports and repair components prepared from the latest drawing or a measurable sample reference.

Quote input: latest drawing, grade, thickness, quantity, critical dimensions, machining allowance, inspection need and delivery location.

WORKSHOP REVIEW

From Enquiry to Dispatch

Equipment scope buyers can ask to verify

- Profile cutting equipment
- Drilling equipment
- Welding and fabrication equipment
- Lathe and turning support
- Milling equipment
- Bending and power press equipment

Four quality checkpoints

01**DRAWING**

Identify the latest drawing, revision, sketch or sample reference.

02**MATERIAL**

Confirm grade, thickness, MTC and document requirements.

03**PROCESS**

Separate cutting, holes, bore and machining allowance.

04**RELEASE**

Check critical dimensions, quantity, identification and dispatch.

Business credentials and document transparency

GSTIN 27AAPPK1319M1ZD and workshop contact details are public. Regal Profile holds MSME / Udyam registration, an Indian export registration or certificate, and ISO certification. Current certificate copies control their number, standard, scope and validity.

MSME / UDYAM

Current registration copy

EXPORT REGISTRATION

Current Indian document

ISO CERTIFICATION

Verify standard and validity

IMPORTANT

Business credentials do not replace order-specific MTC, dimensional, NDT or third-party inspection requirements. These must be confirmed in the accepted quotation.

PUBLIC SUPPLIER RECORD

Contact and Dispatch

BUSINESS	Regal Profile
ESTABLISHED	1995
GSTIN	27AAPPK1319M1ZD
PHONE	+91 77387 86141
EMAIL	regalprofile01@gmail.com
WORKSHOP	177/10, 178/10, Gurukrupa Hutments, Reti Bunder Road, Darukhana, Mazgaon, Mumbai - 400010, Maharashtra, India

Regional dispatch enquiries

Pune and Maharashtra, Hyderabad and Telangana, and Bengaluru and Karnataka requirements are reviewed for drawing, quantity, packing and transport feasibility. These are dispatch markets, not branch-office claims.
